

Solve the linear equation: $3x - 7 = 11$.
Explain your reasoning in a quick write.

Your task is to solve the equation: $2(x - 3) = 4x + 5$. Take turns with your partner to coach each other.

Solve for y in the equation: $5y + 2 = 3y + 14$. Write down the steps you took to find the solution.

You will solve the equation: $4(x + 2) = 2x + 16$. Discuss your solution with your partner and coach each other.

Find the value of x in the equation: $7x - 3 = 4x + 15$. Explain your reasoning in a quick write.

Your task is to solve the linear equation: $6 - 2x = 3x + 1$. Take turns with your partner to coach each other.

Solve for x in the equation: $x/2 + 5 = 3$.
Write down the steps you took to find the solution.

You will solve the equation: $2(3x - 4) = 5x + 6$. Discuss your solution with your partner and coach each other.

Find the value of y in the equation: $3(y - 2) = 2y + 9$. Explain your reasoning in a quick write.

Your task is to solve the linear equation: $4x - 5 = 3(x + 1)$. Take turns with your partner to coach each other.

Solve for x in the equation: $2(x + 3) = x + 9$. Write down the steps you took to find the solution.

You will solve the equation: $5(x - 1) = 2x + 8$. Discuss your solution with your partner and coach each other.

Find the value of x in the equation: $3x + 4 = 7x - 2$. Explain your reasoning in a quick write.

Your task is to solve the linear equation: $8 - x = 2x + 5$. Take turns with your partner to coach each other.

Solve for y in the equation: $y/3 + 2 = 4$. Write down the steps you took to find the solution.

You will solve the equation: $3(x + 1) = 2x + 7$. Discuss your solution with your partner and coach each other.

Find the value of x in the equation: $4x - 2 = 6x + 8$. Explain your reasoning in a quick write.

Your task is to solve the linear equation: $2(x - 4) = x + 6$. Take turns with your partner to coach each other.

Solve for y in the equation: $2y + 3 = y + 9$. Write down the steps you took to find the solution.

You will solve the equation: $3(x - 2) = 4x - 5$. Discuss your solution with your partner and coach each other.
